

Misty Mountain Sierra Year 4 - Homework Grid – Summer 2 - 2019

Homework in Year Four will consist of three types of tasks:

1. Daily practising of reading, spellings and times tables. There are pages on the school website with games and activities to help you.
2. Weekly set tasks in maths, English and/or science. These need to come into school by Wednesday morning. Homework Club will run each Wednesday lunchtime for children whose homework is not completed at home and brought in by then.
3. Topic tasks. These are shown in the grid below. These are optional so don't have to be completed, but we would love to see them and celebrate them in school if you choose to do them!

You should prepare weekly and topic tasks to the best of your ability and check your work carefully (ensuring that you have checked your spelling and presentation) before handing them in. If you have any concerns or would like some support or help with resourcing your chosen activities, please do not hesitate to contact us. We look forward to seeing all of your exciting homework this term. 😊

Find out about animals that inhabit a mountainous area of the world. How do they adapt and survive? Are any of these animals endangered? Why?

Present your findings about your chosen animal in whatever way you would like.

Research mountain sports such as skiing, snowboarding, rock climbing or mountain biking. Choose one that excites you and create a scrapbook of information and images. Feature the equipment or clothing needed and the world's best competitors in the sport.

Do some mountain inspired art. You could make a black and white or coloured picture; use pencils, paint, chalk or some other medium. You could also make a collage.

Do some research for ideas - there is some wonderful different mountain art out there!
