

Moon Zoom Year 1 - Homework Grid – Summer 2nd half term - 2019

Homework in Year 1 will consist of three types of tasks:

1. Daily Practising of reading, spellings, timestables and mental maths. There are pages on the school website with games and activities to help you.
2. Weekly set tasks in maths, English and/or science tasks. These need to come into school by Wednesday morning. Homework Club will run each Wednesday lunchtime.
3. Topic tasks. These are shown in the grid below. You don't have to complete these, but we would love to see them and celebrate them in school!

You should prepare weekly and topic tasks to the best of your ability and check your work carefully (ensuring that you have checked your spelling and presentation) before handing them in. If you have any concerns, or would like some support or help with resourcing your chosen activities, please do not hesitate to contact us. We look forward to seeing all of your exciting homework this term.

Imagine you're an astronaut completing different space missions and make a mini book about your work.

Design and make your own alien from junk cardboard materials and sticky tape. Give your alien a name and tell us where they are from and what it's like to live on their planet.

Visit your local library and search for space-themed books. Read and talk with an adult about the books you find.
