

Scream Machine Year 6 - Homework Grid – Summer 2nd Half term - 2019

Homework in Year 6 will consist of three types of tasks:

1. Daily practising of reading, spellings, times-tables, and mental maths. There are pages on the school website with games and activities to help you.
2. Weekly set tasks in maths, English and/or science tasks. These need to come into school by Wednesday morning. Homework Club will run each Wednesday lunchtime.
3. Topic tasks. These are shown in the grid below. You don't have to complete these, but we would love to see them and celebrate them in school!

You should prepare weekly and topic tasks to the best of your ability and check your work carefully (ensuring that you have checked your spelling and presentation) before handing them in. If you have any concerns, or would like some support or help with resourcing your chosen activities, please do not hesitate to contact us. We look forward to seeing all of your exciting homework this term.

Loop the loop construction

Make a loop the loop using flexible track.
Modify the track until a marble or toy car can successfully make it round the loop. Challenge other family members to get the marble or car to fly off the end and land in a pot by changing the trajectory. Keep a tally to show your success rate.

Rollercoaster data

Research online to find information about roller coasters from around the world.
Which is the oldest? The longest? The scariest? Record your results in a table.

Walt Disney biography

Research and write a biographical account of
Walter Elias Disney, animator and entrepreneur. Find the location of Disney theme parks around the world.
