Wed 17th July— KS2 performance afternoon

Thurs 18th July—KS2 performance evening

Fri 19th July—Leavers' disco

Weds 24th July—Leavers' assembly am

English

Reading

We will be reading *The Boy who swam with piranhas* by David Almond. As Stanley Potts journeys away from the life he's always known, he mingles with a carnival full of eccentric characters and meets the legendary Pancho Pirelli, the man who swims in a tank full of perilous piranhas. Will Stan be bold enough to dive in the churning waters himself and choose his own destiny?

Writing

We will be writing poetry, dialogue in narratives and creating individual yearbooks recounting our time in year 6.

Computing

We will be creating our own PowerPoint about our time in year 6. Using text, graphics, transitions, animations and sound.

We will be working with digital photographs.

Physical Education

In PE we will have a cricket and a dance coach coming in.

We will also do athletics to get ready for Sports Day. Please have your PE kit in school everyday.

Religious Education

In term 6 we will explore different views of creation and consider the consequences of holding certain beliefs.

Design and Technology

We will be looking at how we can create strong structures with KNEX. We will be designing our own fairground rides out of K'NEX, and then using these ideas to design and make a ride out of other materials.

PSHE

Personal, social and health education

The value this term is understanding. We will prepare children for their transition to secondary school.

Music /drama

We will be performing an end of term show "Roald Dahl's Snow white and the seven dwarfs" with a lot of amazing songs and acting.

Mathematics

Number

We will be doing a weekly arithmetic test, which covers all the four maths operations, percentages, fractions and decimals.

In maths lessons we will be using all of the maths we have learnt this year to solve and investigate problems.

Geography

Use their mapping and geography skills to locate the theme parks and adventure parks in the UK.

Design their own theme park map.

Science

Our focus will be on forces and materials this term.

Art

We will look at fairground art by Fred Fowle, and create posters to advertise our fairground ride.

We will use photography to create ride photos.

Fabulous Fairground

Parents will be invited to look at our fairground rides and artwork at the end of term (date tbc).
