

## Sandhills Community Primary School

---

### Accessibility Plan (statutory)

Reviewing Committee: Resources

Adopted by the Full Governing 6<sup>th</sup> April 2017

Signed ..... Chair of Governing Body

Date Reviewed: May 2019

Next Review Date: May 2020 - 3 year plan, reviewed annually

## Accessibility Plan 2017-2020

### 1. Introduction

- 1.1. Our Accessibility Plan is based on a belief in equality and inclusiveness for all and confirms that everyone should have equal access to facilities and services regardless of disability, age, gender or race. Sandhills Primary School puts accessibility for all at the heart of the planning and design process.
- 1.2. As a school, we are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their educational, physical, sensory, social, emotional and cultural needs. Further, we are committed to challenging negative attitudes about disability and accessibility, and to developing a culture of awareness, tolerance and inclusion.
- 1.3. The school recognises that many of our pupils, visitors and staff, whether disabled or otherwise, have individual needs when using school facilities. We understand that for all pupils, the nature of

their disabilities may mean that they experience specific difficulties related to accessing education, and the physical environment. As part of our ongoing commitment to the delivery of an inclusive educational service, we work hard to ensure that all our pupils receive a high a standard of education and are supported in reaching their full potential. Good communication and co-operation between the school, home and other professionals are essential. The key aims of this plan are to:

- Increase the extent to which disabled pupils can participate in the curriculum.
- Improve the physical environment of the school to increase disabled pupil's physical access to education and extracurricular activities.
- Improve the delivery of information to disabled children and young people; using formats which give better access to information.
- Provide continued education as normally as the condition allows.
- Reduce the risk of lowering self-confidence and educational achievement.
- Promote equal access to education for all children.
- Establish effective liaison.
- Ensure that prompt action takes place.

## **2. Statutory Responsibilities**

- 2.1. The Equality Act 2010 and Equality Duty 2011 placed responsibilities upon schools to remove discrimination against pupils with disability. It requires schools to make 'reasonable adjustments' to their policies, procedures and practices to accommodate pupils with disability more fully in school life. There is a duty on schools to state what action they have taken to improve access and to have an Accessibility Plan.
- 2.2. The reasonable adjustments duty is triggered only where there is a need to avoid 'substantial disadvantage'. Substantial is defined as being anything more than minor or trivial. Whether or not a disabled pupil is at a substantial disadvantage or not will depend on the individual situation.
- 2.3. These duties apply to disabled pupils, as defined in the Equality Act 2010. The Act says that a pupil has a disability if they have a physical or mental impairment which has a long term and substantial adverse effect on their ability to carry out normal day-to-day activities. Physical or mental impairment includes sensory impairments such as those affecting sight or hearing.
- 2.4. The definition can include a wide range of impairments, including hidden impairments such as dyslexia, autism, speech and language impairments, Attention Deficit Hyperactivity Disorder (ADHD), or people diagnosed with cancer, HIV infection or multiple sclerosis. An impairment does not of itself mean that a pupil is disabled. It is the effect on the person's ability to carry out normal day-to-day activities that should be considered.
- 2.5. The test of whether an impairment affects normal day-to-day activity is whether it affects one or more of the following:
  - Mobility
  - Manual dexterity
  - Physical co-ordination
  - Continence

- Ability to lift, carry or otherwise move everyday objects
  - Speech, hearing or eyesight
  - Memory or ability to concentrate, learn or understand
  - Perception of risk of physical danger
- 2.6. A child's ability to memorise, concentrate, learn, speak, move, make and maintain positive relationships, is central to their education. An impairment that has a long-term and substantial effect on a child's ability to do these things may amount to a disability.
- 2.7. Some disabled pupils also have special educational needs (SEN) and may be receiving support via school-based SEN provision or have a statement of SEN. Just because a disabled pupil has SEN or has a statement does not take away the duty to make reasonable adjustments for them. In practice, many disabled pupils who also have a statement of SEN will receive all the support they need through the SEN framework and there will be nothing extra the school has to do. However, some disabled pupils will not have SEN, and some disabled pupils with SEN will still need reasonable adjustments to be made for them in addition to any support they receive through the SEN framework.

### 3. Role of the Governing Body

- 3.1. This Accessibility Plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required under the Equality Act 2010. The three key duties are to:
- Increase the extent to which disabled children and young people can engage in the school **curriculum**.
  - Improve the physical environment of the school to increase disabled pupils' **physical access** to education and extra-curricular activities.
  - Improve the delivery of **information** to disabled children and young people, using formats which give better access to information.
- 3.2. The responsibility for the Accessibility Plan lies with the Governing Body and Headteacher.
- 3.3. It is a requirement that the school's Accessibility Plan is resourced, implemented, and reviewed and revised as necessary. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

### 4. Health and Safety

- 4.1. The Equality Act 2010 does not override health and safety legislation. If making a particular adjustment would increase the risks to the health and safety of any person (including the disabled pupil in question) then this is a relevant factor in deciding whether it is reasonable to make that adjustment. However, as with the approach to any question of health and safety and risk assessment, schools are not required to eliminate all risk. Suitable and sufficient risk assessments should be used to help determine where risks are likely to arise and what action can be taken to minimise those risks. Risk assessments should be specific to the individual pupil and the activities in question. Proportionate risk management relevant to the disability should be an ongoing process throughout a disabled pupil's time at the school.
- 4.2. There might be instances where, although an adjustment could be made, it would not be reasonable

to do so because it would endanger the health and safety either of the disabled pupil or other people. There might be other instances where schools could make anticipatory reasonable adjustments in line with health and safety legislation, ensuring compliance with, and not infringing, that legislation.

## **5. Charging Arrangements for Making Reasonable Adjustments**

- 5.1. It is unlawful for a school to charge a child for making reasonable adjustments in any circumstances, whatever the financial cost to the school and however the setting or school is funded.

## **6. School Context**

- 6.1. Sandhills Primary School currently has 294 children on roll in YR-Y6. There are a number of children on our Special Needs Register including children with a Statement of Special Educational Need and an Educational, Health and Care Plan.

## **7. Existing Good Practice in School**

### **7.1. Access and participation to the curriculum**

- Visual prompts and resources including visual timetables are used to facilitate access for all pupils where these are seen to be helpful
- Disability awareness is promoted in the curriculum, through assemblies and specific events.
- Staff working with pupils with disabilities receive specialist training.
- Thorough risk assessments are undertaken as required and take full account of the needs of disabled children, for example a named adult will provide 1:1 support if appropriate.
- Disabled pupils are able to access a range of activities and clubs beyond the school day; they participate in residential visits.

### **7.2. Access to the physical environment**

- The school is accessible for wheelchairs and frames, with the exception of the route through the cupboard from EYFS to the hall. Corridors and routes are kept clear of obstacles.
- Access to the Adventure Playground, amphitheatre, field and Forest School area would be reviewed depending on each pupil's physical abilities. Specific Risk Assessments would be completed for each area and take into account safe access and emergency evacuation.
- A Nurture Room provides a place where children can take time out.

### **7.3. The delivery of information**

- Pupils on roll receive support from specialist services e.g. Occupational Therapists, dyslexia, Educational Psychologist.
- Termly meetings are held with parents of pupils with SEND.

## Increasing access and participation to the curriculum for pupils with a disability

Aim	Current good practice	Actions to be taken	Outcomes	Time Frame
<b>Ensure the school curriculum is fully accessible to all pupils including those with a disability</b>	Use of visual timetables  Additional aids available e.g. pencil grips, coloured overlays  Specialist agencies visit regularly to support staff & pupils e.g. OTs, dyslexia, SENSS, EP	Ensure data held in school is accurate and up-to-date regarding disability and medical needs  Annual questionnaire to parents to gain their views.  Ensure all staff have access to the information	Disability and Medical Registers are up-to- date  Data gained for use to update of the Scheme and Action Plan.	Start of each academic year  Ongoing
		Identify and address training needs of staff to understand and meet the needs of disabled pupils	Support staff and teachers receive appropriate training, including annual epi-pen training.	Ongoing
		Provide specialist aids, equipment and ICT to promote disabled pupils' access to the curriculum	Disabled pupils have access to equipment appropriate to their needs.	Ongoing to meet identified need
<b>Ensure Health Care Plans and Risk Assessments enable children with disabilities to have full access as far as possible</b>	Advice sought from specialist advisors  Statements and EHCP are used to create individual programmes of study	Parental and external advice sought as necessary including from specialists to input into HCP & Risk Assessments  Risk Assessments to ensure access to educational visits prior to visit	Children with disabilities access school trips, special events, after-school clubs etc	Ongoing
<b>Staff to be aware of Accessibility Plan and show that they are using it within their teaching and learning</b>	Support for individuals and their personalised needs identified in teachers planning	Revisit Statement annually, share progress / outcomes with all staff  Review curriculum and other policies (in line with review cycle) to ensure they clearly define their role in promoting equality for all members of the school community.	Inclusion Statement, policy and practice permeates all aspects of the life and work of the school.  Inclusion Statement is reflected in all policy documentation.	Ongoing  Ongoing as documentation is reviewed

**Improve and maintain access to the physical environment, so that disabled pupils can take better advantage of the education, benefits, facilities and services on offer**

Aim	Current good practice	Action Needed	Outcomes	Time Frame
<b>Access for disabled members of the school community is considered at the planning stage of EYFS future building works.</b>	The EYFS is accessible for wheelchairs and frames, with the exception of the route through the cupboard from EYFS Class to the hall.	Advice of specialists sought if needed.	Clear and safe access around the school	As appropriate

**Improve the availability and accessible information to disabled pupils**

Aim	Current good practice	Action Needed	Outcomes	Time Frame
<b>School to be aware of services available for visually and hearing impaired children, and children with Downs' Syndrome and other disabilities.</b>	Pupils on roll receive support from specialist services e.g. OTs, dyslexia, SENSS, EP  Staff member provides monthly support group for parents of children with autism	Access training to meet the needs of individual pupils when and where appropriate.	School aware of any special provision required to meet the needs of individual disabled pupils and others, and who to contact to access help, support and guidance; and relevant training and development.	Ongoing
