

Dear Children and Parents,

We've had a lovely week in school this week. I hope that those of you who are at home have also had a good week.

We have been busy learning about plants. We made a poster to explain what plants need to grow. We have also been planting sunflower seeds and watering them carefully each day. In the large pots in our outdoor area, we have planted some wild flowers. I will let you know how they get on!

We had some fun learning about sharing in maths. The children shouted at me quite loudly when I gave Nikhil 6 cubes and Oliver 2 cubes. They said I had not shared them equally! How many do Nikhil and Oliver need each for it to be fair? We also watched this video which is a story about sharing. It is called The Doorbell Rang by Pat Hutchins. We used 12 pegs on a hanger to represent the cookies in the story and work out how many each person would get.

We have also been doing a bit of making. We cut out and stuck parts of a flower together. Mrs Merritt also helped us to make frogs out of paper plates! It was fun!

This week we are going to move on from our usual sentence of the day booklets to something a bit more challenging. We are going to write a whole story, writing a little bit each day. The picture at the top of the sheet will show a scenario and we need to think about what might happen next.

And finally, some birthdays. With everything else that is going on, I forgot to add some happy birthdays on the last couple of newsletters! So it is a rather belated happy birthday to both Freddie and Thomas W!

Please do email me if you are at home at the moment. I would love to hear from you.

Best wishes,  
From Miss Chappell and Mrs Lawfull.
