

**Friday 2<sup>nd</sup> October 2020**

Dear Parents/Guardians,

Can you believe it is the end of Week 4 (and a bit) already? The time is going by so fast and the children are working their socks off.

As you may have already been told, alongside our Bottoms, Burps and Bile topic, in English and Design Technology we have been looking at the story of Alice in Wonderland. In English we will be attempting to persuade the Queen of Hearts not to chop Alice's head off by writing persuasive letters. In Design Technology we are creating our very own Mad Hatter hat in preparation for our Tea Party later in the term.

**There are a few notices to share:**

**Class Dojo:** we want to celebrate amazing pieces of work with you, and will be using Class Dojo to share pictures of your child's work. These will be pieces of work that your child has worked gone above and beyond their usual standard of work. If you haven't managed to log in yet, please have a look and let us know if there are any issues.

**Google Classroom:** New homework has been assigned for this week, only activities 2 and 3 need to be completed and the video and quiz have already been viewed and discussed at school.

**Science:** Next week we will be doing a science investigation based on 'chopping, chewing, tearing and grinding' of food. The children will be sampling a range of foods to see what their teeth do whilst they are eating. The foods are: marshmallows, bread, apples, lettuce, grapes, cooked chicken and yoghurts. If there are any allergies that the school are not currently aware of, please let us know ASAP – thank you!

Have a wonderful weekend and try to stay as dry as possible.

Ms Davies, Miss Armstrong, Miss B and Mrs Merritt
